### **Nature of the Work**

The University of Calgary's Active Living department is one of the largest and most diverse recreation departments based on a North American campus. Active Living has a team of 40 full time and up to 600 part time staff. On an annual basis our staff handle 47,000 registrations in over 75 recreational and sporting activities and provide facility access to over a million users to our facilities: North America's largest Outdoor Centre with climbing and bouldering walls, a gymnastics centre, an Olympic sized pool, a fitness centre with 200 m track, Canada's largest university racquet centre, five gymnasiums and access to the Olympic Oval. The Outdoor Centre also provides its students and community over 16,000 outdoor equipment rental orders each year. Active Living's vision is to enrich our community by providing exceptional experiences through our facilities, programs, and services fostering lifelong active living for all.

The Health and Wellness unit offers a wide range of programs and services to support individuals in the attainment of an improved quality of life and optimal health. Programs and facilities in this area include fitness centres, group fitness classes, adapted and rehabilitative programming, and personal and group training. Facilities and programming are available to students, faculty, staff, and the general public. The area is led by a team of health professionals that include Clinical Exercise Physiologists, Certified Personal Trainers, and Kinesiologists.

The Personal Training offers a variety of session packages to be used for one-on-one or small group training. Programs are designed specifically for the client and their goals.
